

## InspiredNewsletter

For an inspiring exchange and new perspectives

### **Dear InspiredCommunity,**

We have started 2025 full of energy and with an unprecedented team size! We are pleased to announce that our team has grown to 32 dedicated team members who work with great passion, passion and dedication to realize our projects. Your support has made it possible for us to achieve all of this, and we would like to thank you from the bottom of our hearts!

### **Our FATE project takes off!**

A particular highlight is the start of the implementation phase of our FATE (From Africa To Europe) project, which is becoming a reality in Germany, Rwanda and The Gambia thanks to funding from the Africa-Europe Foundation. In collaboration with the Global Youth Innovation Network (GYIN), we are in the process of bringing together young people from different sectors: Pupils, students and farmers. The focus is on sustainability, climate change and climate justice. At the beginning, the young participants come together for local meetings in each of the three countries. The focus is on sharing their experiences, perspectives and how they deal with the issues from their respective local contexts.

### **First local meeting of FATE in Passau, Germany**

**First local meeting of FATE in Kigali, Rwanda**

**First local meeting of FATE in Foni, Gambia**

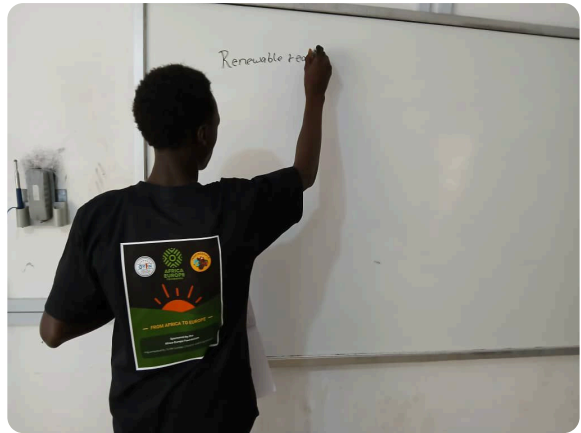

These local meetings offer participants the opportunity to share their experiences and work together to find solutions to local challenges. Further local meetings are planned before the next phase of the project moves on to cross-continental meetings. At the cross-continental meetings, the young participants from Rwanda, Germany and The Gambia exchange ideas online and share their knowledge on a global level. This enables them to put local challenges and solutions into a global context and learn from each other. The aim of FATE is to build bridges between countries - especially between Africa and Europe - in order to work together on solutions to the global climate crisis.

Our team is looking forward to the upcoming sessions and the valuable exchange!

## InspireKids Rwanda - Our mentoring meetings are running successfully!

Our InspireKids project is also making impressive progress! The mentors are still highly motivated to provide the children and young people with the best possible support on their educational journey. It is a real pleasure to see how the children are developing and how the mentors are making a difference in the lives of these young people.

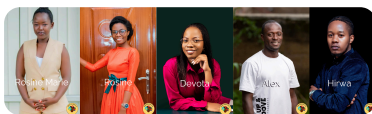

Here are some impressions from our last mentoring meetings:

## New insights on our website!

We have been working intensively on our website over the last few weeks to give you even deeper insights into our projects. Visit our new pages to find out more about our InspireKids and EnableSchool projects:

### Unsere Mentor:innen

We have created a new page on our website to give deeper insights into the mentors of the InspireKids project!

**More info!**

### Project Insights

We would like to give you an insight into our EnableSchool and InspireKids projects to show you what we are achieving thanks to your support!

**More info!**

### More about the FATE project!

All important and interesting information about our FATE project in Germany, Rwanda and The Gambia can be found here!

## Thank you for being part of our journey!

It is a great pleasure to have you as a supporting member of our network. Your donations and support enable us to continue to grow and bring about positive change in the lives of many young people. We will continue to keep you regularly informed with updates from our projects and look forward to reaching further milestones together with you in the coming year.

If you have any questions or comments, please do not hesitate to contact us at any time.

With inspiring greetings

Antonia Kambouris & the entire Inspiresouls team
